About Us

Expand Your Brand in Korea with Precision. We are a Korea-based digital marketing and web agency helping businesses grow and localize their presence in the Korean market. From Naver SEO to influencer campaigns and smart store onboarding — we deliver performance-driven solutions tailored for Korean audiences.

Our team consists of native Korean marketers, content creators, and platform experts who understand the local culture, trends, and consumer behavior. Whether you're a startup or an established brand, we help you connect authentically with your target audience.

- **Korea Experts:** We know the platforms, trends, and culture.
- **All-in-One Service:** From SEO to influencers, we handle everything.
- **Result-Driven:** We focus on real growth, not just impressions.

Our Core Services

- **Naver SEO & Viral Campaigns:** Boost visibility on Korea's #1 search engine with keyword-based SEO and viral content strategies.
- **Korean Press Release Distribution:** Publish impactful press releases on major Korean news platforms like Naver, Daum, and premium outlets.
- **Social Media Channel Management:** Manage Korean Instagram, YouTube & TikTok with content planning, uploading, and engagement strategies.
- **Korean eCommerce Store Setup:** Launch Smart Stores with Korean payment, Kakao integration, and full UI/UX web localization support.

- **Content Localization & Copywriting:** Deliver native-level Korean content, slogans, brand storytelling, and culturally relevant product messaging.
- **Korean SEO & Backlink Building:** Enhance rankings with blog-based external SEO and Google+Naver dual search optimization strategies.
- **Community & Forum Marketing:** Gain organic brand mentions through native comments, forum posts, and sentiment-driven community engagement.
- **Influencer Marketing (Korean Creators):** Partner with Korean influencers for product reviews, seeding campaigns, and performance-driven promotions.

Testimonials (What Our Clients Have To Say)

- *"Their Naver SEO strategy helped us rank within 3 weeks. Traffic doubled, and we saw a real increase in conversions."* — **Emily Park, E-commerce Manager, US Skincare Brand**
- *"They don't just translate—they localize everything for the Korean audience. Our Smart Store launch was smooth and successful."* — **Hiro Tanaka, CEO, Tokyo-based DTC Brand**
- *"Great communication, detailed reporting, and real results on every campaign. A trustworthy long-term partner for the Korean market."* — **Sophia Lee, Marketing Director, SaaS Startup**
- *"Their short-form content strategy for TikTok brought over 500K views in just one month. They truly understand Korean trends."* — **Jason Lim, Social Media Lead, Fashion Startup**
- *"They got us featured on top Korean news portals and Naver search in just days. Excellent copywriting and PR coordination."* — **Rachel Kim, Brand Manager, Health Supplement Brand**
- *"They connected us with micro-influencers who delivered great ROI. Everything from seeding to performance reports was smooth."* — **Daniel Choi, Founder, Lifestyle D2C Brand**

FAQ / Ask Us Anything

- **Naver SEO & Viral Marketing:** Boost your visibility on Korea's top search engine with blog SEO, viral community campaigns, and Naver Knowledge-iN placements.
- **Korean Press Release Distribution:** Reach premium Korean media with professionally written press releases submitted to Naver, Daum, and major outlets.

- **Social Media Channel Management:** Grow your brand on Instagram, YouTube, and TikTok with localized content and engagement strategies.
- **Influencer Marketing:** Collaborate with Korean micro and macro influencers for authentic product exposure and campaign results.
- **Korean Content Localization:** Translate, localize, and write copy that feels truly native—optimized for Korean audiences and platforms.
- **Korean SEO & Backlinks:** Build authority with quality backlinks, Tistory/Brunch SEO, and hybrid Google+Naver optimization.
- **Korean Community Marketing:** Get your brand discussed organically in forums, Q&A platforms, and Korean community boards.
- **Korea Market Store & Website Localization:** Set up your Naver Smart Store, Kakao Talk Store, and localize your website with Korean UX and payment integration.
